Jack has been an accredited mediator since 2021 (The Society of Mediators). He is a strong proponent of mediation, and believes litigation is almost always avoidable.

Jack brings to the role a decade of experience in Property and Commercial law – with a particular expertise in neighbour disputes. He is more than content to mediate outside these areas.

Jack believes in a forward-looking and energetic approach. He is quick to spot areas of agreement and encourages early offers and counter-offers.

Jack conducts mediations both in-person and remotely. He has mediated in matters ranging from silk-led disputes between businesses to landlord and tenant disputes over service charges.
