Sports law

Olivia undertook a 6-month secondment to the International Tennis Federation (ITF) in 2023. She provided legal support on regulatory and disciplinary issues, dealing with cross-jurisdictional applications and advising on various issues, including potential offences under the Regulations.

Recommendations

Olivia "represented the Crown with great skill and fairness." An "excellent" advocate. **Crown Court Trial Judge**

Olivia has a "very appealing court room manner." **Crown Court Judge**

"Olivia went above and beyond." **Solicitor**

"I had the benefit of working with Olivia who I found to be extremely hard-working, diligent, pleasant and someone who was able to help us out at extremely short notice to prepare a very complicated witness statement in response to a fairly complicated judicial review matter. Olivia was able to get to grips with a very urgent court deadline and we were able to meet this deadline with her administrative and client care skills. She was able to take detailed instructions from the litigation friend and put this in a witness statement and not only that, was then able to put together a very detailed court bundle at very short notice." **Gregg Burrough – Senior Education Solicitor – Coram Children's Legal Centre**

"Your support gave me great relief. Thank you for fighting so hard." **Lay client**
