Secure Email: tom.horder@3paper.cjsm.net

Telephone: 01202 292 102

Inquests

Tom Horder is regularly instructed in cases involving fatalities. He has represented the HSE, MCA, Local Authorities, families, private individuals and commercial organisations in inquests nationwide. His experience of defending and prosecuting high profile criminal prosecutions complements his inquest work. He is often called on to advise at the very earliest stage of cases where there is a prospect of a later prosecution.

Tom has experience of Article 2 and jury inquests as well as those involving military personnel and national security concerns. He holds current SC clearance.

Examples of recent inquests Tom has been involved in include:

- Representing a Chief Constable following the death of a vulnerable person who died following restraint and the use of CS gas. Article 2 jury inquest that focused on police techniques and guidelines, the adequacy of officer training and systems for monitoring and assessing the health of those detained.
- Advising Local Authority and Harbour Master in case involving a missing person search and drowning. The Inquest considered the division of responsibility for Harbour walls/infrastructure between the local authority, highways agency and private owners. Also in issue was the conduct of missing person searches. Tom successfully argued that there were no grounds for a Rule 43 report directed at the Local Authority.
- Acting for the family in a case involving a Hospital's failure to diagnose a pulmonary embolism. The case involved conflicting expert evidence, and the consideration of NICE guidelines. There were also arguments as to causation as the deceased had originally attended hospital with serious injuries following an RTA.
- Advising the family of a patient detained under the MHA who, due to multiple failures by the detaining authority, went on to attack and kill a fellow patient whilst floridly psychotic within 2 hours of admission.
- Representing Care Home owner following the fall from height of an elderly dementia patient. Consideration of guidelines/regulations relating to window-locks.
- Representing a Nursing Home Manager in case involving a patient falling during transfer from bed to chair. Arguments as to scope/whether Article 2 was engaged as the patient subject to DOLS.

Recommendations

Tom Horder has a robust practice in regulatory offences which sees him instructed by a range of parties including public sector bodies, companies and private individuals. He also handles cases concerning violent crime and sexual abuse, as well as fraud and drug offences. Additionally, he has expertise in cases involving regulatory offences.

'...attracts praise, and is 'very good at explaining procedure and tactics to clients'

'Particularly highly regarded for his ability to handle the most serious and complex cases'

Legal 500 2013/Crime

"I would like to thank you for your diligent work on this case. Your client care and commitment to the case was exceptional. Your willingness to "go the extra mile" was impressive and proved crucial. Your planning and delivery of the cross examination proved decisive. An ok case (partly because of the statute) transformed into a strong case, according to his honour the Judge, before our very eyes, as our opponent was exposed as a liar."
